Resources for University Students and Parents

The 2023–2024 school year saw a significant rise in antisemitic incidents on college campuses, and this troubling trend is expected to continue into the 2024–2025 academic year. This toolkit provides essential resources for identifying, addressing, and reporting antisemitic incidents. Our goal is to equip you with the tools and knowledge necessary to stand against hate and ensure the safety and well-being of all students. The JCRC will monitor incidents and remain in contact with local colleges and universities as appropriate. We encourage you to reach out to us as soon as possible if you or someone you know experiences antisemitism.

Reporting Antisemitism

If you experience antisemitism, we encourage you to report it using one of the tools below.
